Warrant for the One Hundred and Thirty-sixth Annual Town Meeting.

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Northfield in the County of Merrimack in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the town house in said town on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To see how much money the town will vote to raise and appropriate for the repairing of highways and bridges.
4. To see if the town will vote to accept State Aid for highways and appropriate money for the same.
5. To see how much money the town will vote to raise to pay on town debt.
6. To see if the town will vote to accept and adopt the reports of the town officers as printed.
7. To see how much money the town will vote to raise to defray the expenses of Memorial Day.
8. To see how much money the town will vote to raise for State Highway Maintenance.
9. To choose three trust fund trustees, one for one year, one for two years, and one for three years.

10. To see if the town will vote to observe Old Home Day and appropriate money therefor.

11. To transact any business that may legally come before said meeting.

12. To see if the town will vote to instruct the Selectmen to have printed in pamphlet form for distribution a copy of the record in the town books of the detailed invoice of all taxable property in town, with their appraisal of the same, April 1, 1916, and said pamphlet to be printed and distributed immediately after said record is completed. (By petition.)

Given under our hands and seal, this twenty-fourth day of February, in the year of our Lord nineteen hundred and sixteen.

UNION SCHOOL DISTRICT

Report of the Superintendent of Schools.

To the School Board and Citizens of Union District:

I herewith submit to you my first annual report as superintendent of schools. Much of my time during the half year I have been with you has necessarily been taken in attending to the routine work and in getting acquainted with school conditions. This report will be limited to recording certain things which ought to find a place in every school report and to making a few specific suggestions.

The attendance for the year ending in June last was excellent. I refer you to the statistical table printed on another page for the detailed statement. The per cent of attendance for all grades for the year was 94. The total number of tardinesses was 302. Thirty-two pupils were neither absent nor tardy during the year. The attendance since the opening of schools in September has been equally good. Our enrollment at present is 358. One year ago it was 313. This shows an increase of 45. The following table will show the distribution of these pupils by grades together with other data.

Grade	Teacher	Salary per week	No of Pupils
I	Olive C. Duguid	\$12 00	56
II	Ethel M. Colby	12 00	49
III	Mary E. Foss	15 00	42
IV	Catherine M. Gile	14 00	44
V	Alice A. Bailey	13 00	42
VI	Luthera W. Abbott	15 00	48
VII	Florence M. Shaw	15 00	36
VIII	J. A. Whipple, Prin.	25 00	41
Special Teachers.			
Drawing, Manual Arts and Assistant			
	Helen M. Watson	13 00	
Supervisor of Music			
	Ethel S. Worthen	4 00	

Probably the best work can be done in a school-room not having over 35 or 36 pupils. You will note that the present enrollment in all but one of the rooms exceeds this number. The average enrollment for the eight rooms is 44.75.

In June last 33 pupils completed the work of the Union School. Of this number 6 were pupils from the Town District. Of the total number graduating 25 entered Tilton Seminary. This would seem to be a creditable showing. In our state as a whole nine out of every ten children completing the grammar school course enter a secondary school.

The total number of pupils from the Union District attending the Seminary at the opening of the school year was 68. Tilton is fortunate in having accessible to the boys and girls of secondary school age so excellent a school. While the district must assume a large share of the financial obligation there remains in the case of each child attending an appreciable amount which the individual parent must pay, and which may, in some cases, be a burden sufficient to prevent a child from securing a secondary school education. I wish the district might see its way clear to assume the entire financial obligation and to offer to every boy and girl qualified a free course of four years at the Seminary.

The evening school has been in session three evenings a week for ten weeks. Contrary to the policy pursued last year no pupils from the eighth grade were admitted. An endeavor was made to thoroughly advertise the school before the opening and to interest as many as possible. The work was planned to meet the individual needs of those attending. For instance one young man was anxious to take the civil service examination. We tried to make his work of direct assistance to him in his preparation. The work was carried on during the first part of the term with Mr. Whipple and Miss Shaw as teachers. Later, as the number in attendance diminished, it was found possible for Mr. Whipple to do the work alone. The expense of the school outside of light and extra heat was approximately \$125.00. In spite of our efforts to arouse and maintain interest the total number enrolled was only 24. Moreover of this total there were 7 who attended only three sessions or less, and the average attendance for the last four weeks was

but 5 per session. There would seem to be some question whether there is any real call for an evening school in Tilton.

If the work in wood-working for the boys of the upper grades is to be continued it ought to be put on a more satisfactory basis. Of the practical and educational value of such work there is no question and it certainly ought to have a place in our school system. Our equipment is meagre. The room assigned to this work is on the third floor just off the assembly hall. It is impossible to heat it in winter. The light is exceedingly poor. The room is in no way adapted to this purpose. Following the policy of last year this special work with the boys was carried on during the fall under the direction of Miss Watson, but it was found advisable at the beginning of the winter term to give this work up, in part because of the reasons above cited, and in part because more of Miss Watson's time was demanded in assisting with the regular work in the overcrowded rooms.

The afternoon session of our schools is a short one. It did not seem to me necessary that fifteen or twenty minutes of the time be devoted to recess. We are trying the experiment this winter term of no afternoon recess for the four upper grades.

It may not be out of place for me to suggest certain repairs which I think the conditions call for. The school hall needs freshening and redecorating. As a matter of fire protection the door leading into the boiler room should be covered with fire-proof material. The fence on the west side of the school yard is very much in need of rebuilding. There should be constructed an entrance into the boys' side of the basement from the school yard.

Unexpectedly the district received from the state this year a rebate on high school tuition paid. The amount of this rebate was \$246.00. The district should have received from the state through the town of Northfield approximately \$375.00 as "state aid." That we were entitled to this was discovered too late to make it available for this year, but it will be paid over by the state at the time of settlement next year.

I am aware that we are all busy people. There are many calls on our time in the interests of general welfare. We already have organizations which are interested in varied

phases of our community and state life. I can not refrain from calling your attention to one type of organization which is doing an immense amount of good for the schools in many localities. I refer to what are known as parent-teacher associations. I believe that some such association here embracing the whole community might be made a very helpful influence in bringing the homes and the schools into closer touch with each other and in fostering that co-operation which we all know is so much to be desired.

I wish to express to the school board and to the teachers my appreciation for their encouragement and support which have made my work a pleasure.

Respectfully submitted,

CHANNING T. SANBORN, *Supt.*

REPORT OF THE SCHOOL BOARD OF THE TOWN SCHOOL DISTRICT OF NORTHFIELD

As the winter term of school closes we feel justified in saying that the schools are all progressing very well.

During the past year we have had thirty-four weeks of school with the exception of the Rand which had only thirty-two. This was due to sickness and bad traveling. The enrollment for the year has been between forty-five and fifty. The present enrollment is forty-one.

Of these schools, the Rand is the largest, with an enrollment of sixteen, and ten more to enter in the spring term. This school house is, of course, a very old building, not as modern as are the others in town. The teacher engaged there at present, is a normal graduate of experience, who is energetic and tactful and is accomplishing many things for the benefit of the school and scholars. There are many improvements which should be made there in order that the school room may compare favorably with others in the district. We hope that the district may see fit to vote favorably on article thirteen which asks for money to buy new desks for the Rand School.

The Centre School has an enrollment of six. Too small for much competition. However, fine work is being done there, the teacher having had both normal training and experience.

In the remaining two schools the teachers are untrained, the one at Bean Hill having had no previous experience. The eleven children enrolled there are all doing well in their studies and quite satisfactory results are being obtained. At Oak Hill the teacher is giving the same good satisfaction that she has given during the three years she has taught there.

We have installed a music teacher in our schools who visits each school once a week. The teachers are well pleased with this additional help and we feel that the greater progress in music will repay the extra expense.

We feel the need of a Superintendent, the School Board not having the time to give to the schools the attention they should have.

We think the parents are co-operating with the teachers to a greater extent than in the past and we hope that the feeling of interest in the schools may grow.

Respectfully submitted,
JOHN B. YEATON,
MARY R. GILE,
GERTRUDE R. STEVENS,
School Board.
